DETAILED ACTION

This is response to amendment filed 01/27/09.

Allowable Subject Matter

Claims 1, 3-8, 10-15, 24-26 are allowed in light of the applicant arguments and in light of the prior art made of record.

The following is an examiner's statement of reasons for allowance: the prior art of record failed to disclose: make obvious, or otherwise suggest : A computer implemented method facilitating loading of one or more executable images of varying formats, the method comprising a plurality of modules that are selectively combined to accommodate executable image formats not supported by the native operating system, each module including at least one component designed for a specific executable image

format and handing over control from the extensible loader to the initial thread in order to execute the executable image as recited in claim 24.

The dependent claims 3-7, 10-15 and 25-26 being further limiting to the independent claims 1, 8 and 24, definite and fully enable by the specification are also allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
